**London International Financial Futures and Options Exchange (LIFFE) Robusta coffee futures:** The London Robusta market did not trade on Monday due to a May bank holiday in the United Kingdom. The figures used are for Friday.

**Inter Continental Exchange (ICE) Arabica coffee futures:** Closed lower across the board on Monday. July position closed at US cents 195.20 per lb losing US cents 5.55 while September closed at US cents 194.15 per lb losing US cents 4.95 over the previous closing.

Arabic coffee prices on Monday extended their two-week-long slide to a 1-month low as coffee prices were weighed down by negative carryover from last Friday. This was after the International Coffee Organization (ICO) on reported that global March coffee exports rose by 8.1% over the year to 12.99 million bags and October-March global coffee exports were up by 10.4% over the year at 69.16 million bags.

A rebound in ICE coffee supplies also eased supply concerns after ICE-monitored Arabica coffee inventories rose to a 1-year, and ICE-monitored Robusta coffee inventories rose to a 5-month high on Friday.
